Definition of Indicators Used for Each Authority in the Calculation of Relative Needs Formulae

Introduction

Unless otherwise stated, data used to construct indicators for the calculation of Relative Needs Formulae (RNF) are those available to the Secretary of State on 1 October 2007 concerning the authorities relevant to the calculation of specific RNF elements.

Data used to construct indicators for this purpose for receiving authorities which are reorganised authorities comprise such data available, unless otherwise stated, on 1 October 2007 concerning the predecessor authorities, or parts of the predecessor authorities, as the Secretary of State considers appropriate. A reorganised authority is an authority subject to a structural, or a structural and boundary change, which came into effect on 1 April 1995, 1 April 1996, 1 April 1997, 1 April 1998, 1 April 2000 or 1 April 2007 and which is made by an order under section 17 of the Local Government Act 1992 or under section 323 of the Greater London Authority Act 1999 or under section 2 of the Fire and Rescue Services Act 2004. Reorganised authorities for this purpose are listed in Annex I.

The following definitions are ordered according to the indicators required for the calculation of RNF elements for the seven major service blocks.

Pupils at independent schools becoming maintained schools

Numbers of pupils aged 3 and over have been adjusted, as the Secretary of State for Children, Schools and Families considers appropriate, to reflect:

- (i) the estimated number of children in independent schools in respect of which the Secretary of State for Children, Schools and Families had approved by 1 October 2007 proposals under section 212 of the Education Act 1996 for such schools to be maintained by a local education authority during the 2008-2009 financial year; and

Whichever is the greater.

Part-time equivalent numbers of pupils aged 3 at 31 December 2006 and part-time equivalent numbers of pupils aged 4 at 31 December 2006 but aged 3 at 31 August 2006 in the maintained sector are estimated by the Secretary of State for Children, Schools and Families, mainly on the basis of a count at the beginning of the spring term 2007. Pupils in the count are those who were registered at nursery, community, foundation or voluntary schools or community or foundation special schools maintained by the authority. This also includes pupils registered at independent schools, or schools not maintained by an authority and approved by the Secretary of State for Children, Schools and Families as special schools under Section 342 of the Education Act 1996, and in respect of whom the tuition fees are paid in full by the authority. In calculating the part-time equivalent number of pupils, both part time pupils and full time pupils are counted as one part-time equivalent pupil.

Part-time equivalent numbers of pupils aged 3 at 31 December 2006, and part-time equivalent numbers of pupils aged 4 at 31 December 2006 but aged 3 at 31 August 2006, in the private, voluntary or independent sectors are estimated by the Secretary of State for Children, Schools and Families on the basis of a count at the beginning of the spring term 2007. Pupils in the count are those who are receiving nursery education, which is funded by the local education authority and provided in the private, voluntary or independent sectors by a person other than a local education authority. This also includes pupils educated in local authority provision outside nursery or maintained schools but not in private, voluntary or independent settings and for whom funding is provided by the local education authority. In calculating the part-time equivalent number of pupils, five sessions or above are calculated to be the equivalent of a part-time pupil. Pupils attending for less than five sessions are counted pro-rata to the number of sessions attended; for example a pupil attending one session a week will be counted as one fifth of a part-time equivalent pupil.

PUPILS AGED 4

The sum of:

- (i) The full-time equivalent number of pupils who had attained the age of 4 and had not attained the age of 5 in schools maintained by the authority at 31 August 2006; *plus*
- (ii) The full-time equivalent number of pupils who had attained the age of 4 and had not achieved the age of 5 at 31 August 2006 in private, voluntary and independent settings and in receipt of a place funded by the local education authority.

Full-time equivalent numbers of pupils aged 4 in maintained schools are estimated by the Secretary of State for Children, Schools and Families, mainly on the basis of a count at the beginning of the spring term 2007. Pupils in the count are those who were registered at nursery, community,

foundation or voluntary schools or community or foundation special schools maintained by the authority. This also includes pupils registered at independent schools, or schools not maintained by an authority and approved by the Secretary of State for Children, Schools and Families as special schools under Section 342 of the Education Act 1996, and in respect of whom the tuition fees are paid in full by the authority. In calculating the full-time equivalent number of pupils, part-time pupils have been calculated as half the value of full-time pupils.

Full-time equivalent numbers of pupils who had attained the age of 4 and had not attained the age of 5 as at 31 August 2006, in the private, voluntary or independent sectors are estimated by the Secretary of State for Children, Schools and Families on the basis of a count at the beginning of the spring term 2007. Pupils in the count are those who are receiving nursery education, which is funded by the local education authority and provided in the private, voluntary or independent sectors by a person other than a local education authority. This also includes pupils educated in local authority provision outside nursery or maintained schools but not in private, voluntary or independent settings and for whom funding is provided by the local education authority. In calculating the full-time equivalent number of pupils, ten sessions are calculated to be the equivalent of a full-time pupil and pupils attending sessions below this are counted pro-rata to the number of sessions attended, for example a pupil attending one session a week will count as one tenth of a full-time equivalent pupil.

PUPILS AGED 5 AND OVER

The number of pupils aged 5 and over at 31 August 2006, as estimated by the Secretary of State for Children, Schools and Families mainly on the basis of a count at the beginning of the spring term 2007.
