

7 Distribution of the Distributable Amount

7.1 This section specifies the basis on which the Secretary of State proposes to distribute among receiving authorities the distributable amount for the year 2009/2010.

7.2 The share of the distributable amount for each receiving authority, other than the Greater London Authority, is to be calculated by applying the formula:

$$\frac{J}{(I+J)} \times (K - L)$$

where:

- I** is the amount of Revenue Support Grant that the Secretary of State proposes to pay to receiving authorities, as specified in section 2 of this Report;
- J** is the distributable amount, as specified in section 3 of this Report;
- K** is the authority's share of Formula Grant for 2009/10 calculated in accordance with Section 5 of this Report; and
- L** is the amount of any Police Grant for the authority for 2009/10 as shown in column (a) of the table contained in paragraph 3.1 of the Police Grant Report (England and Wales) 2009/2010.

7.3 The share of the distributable amount for the Greater London Authority is to be calculated by applying the formula:

$$\left(\frac{J}{(I+J)} \times (K1 - L1) \right) + \left(\frac{J}{(I+J)} \times K2 \right)$$

where:

I and **J** have the same meanings as in paragraph 6.2;

K1 is the share of Formula Grant for police services, for 2009/10 specified in Annex K of this Report;

L1 is the amount of Police Grant for the authority for 2009/10 as shown in column (a) of the table contained in paragraph 3.1 of the Police Grant Report (England and Wales) 2009/2010; and

K2 is the share of Formula Grant for fire and rescue services, for 2009/10 specified in Annex K of this Report.
